A warm welcome from The Qube Liverpool International Tennis Tournament

A brief introduction to The Liverpool International Tennis tournament.

The Liverpool International Tennis Tournament (LITT) was established in 2002 as a warm up event for Wimbledon to give top ATP and WTA players as much grass court practice as possible prior to the most important tennis tournament in the world, Wimbledon.

Since 2002 the event organisers Northern Vision have gathered an incredible list of the world's best players competing in Liverpool such as Novak Djokovic, David Ferrer, Marat Safin, Caroline Wozniacki, Martina Hingis, Marion Bartoli and last but not least Emma Raducanu, the US Open Champion, who started her incredible journey in Liverpool by winning the Liverpool Junior International in 2015.

At The LITT and through event organizer Northern Vision we place great emphasis on fostering community engagement and encourage our partners to utilize tennis as a powerful tool to activate their CSR/ESG programs. Our primary objective is to promote the importance of physical and mental well-being, combat obesity, enhance mental health, and contribute to reducing crime rates. By harnessing the sport of tennis, we aim to inspire individuals of all ages to maintain an active and healthy lifestyle while simultaneously addressing societal challenges.
